

# Working Group Discussion

**2<sup>nd</sup> National Climate Outlook Forum  
Bhutan**

## Sectoral Working Group Discussion: Seasonal Preparedness

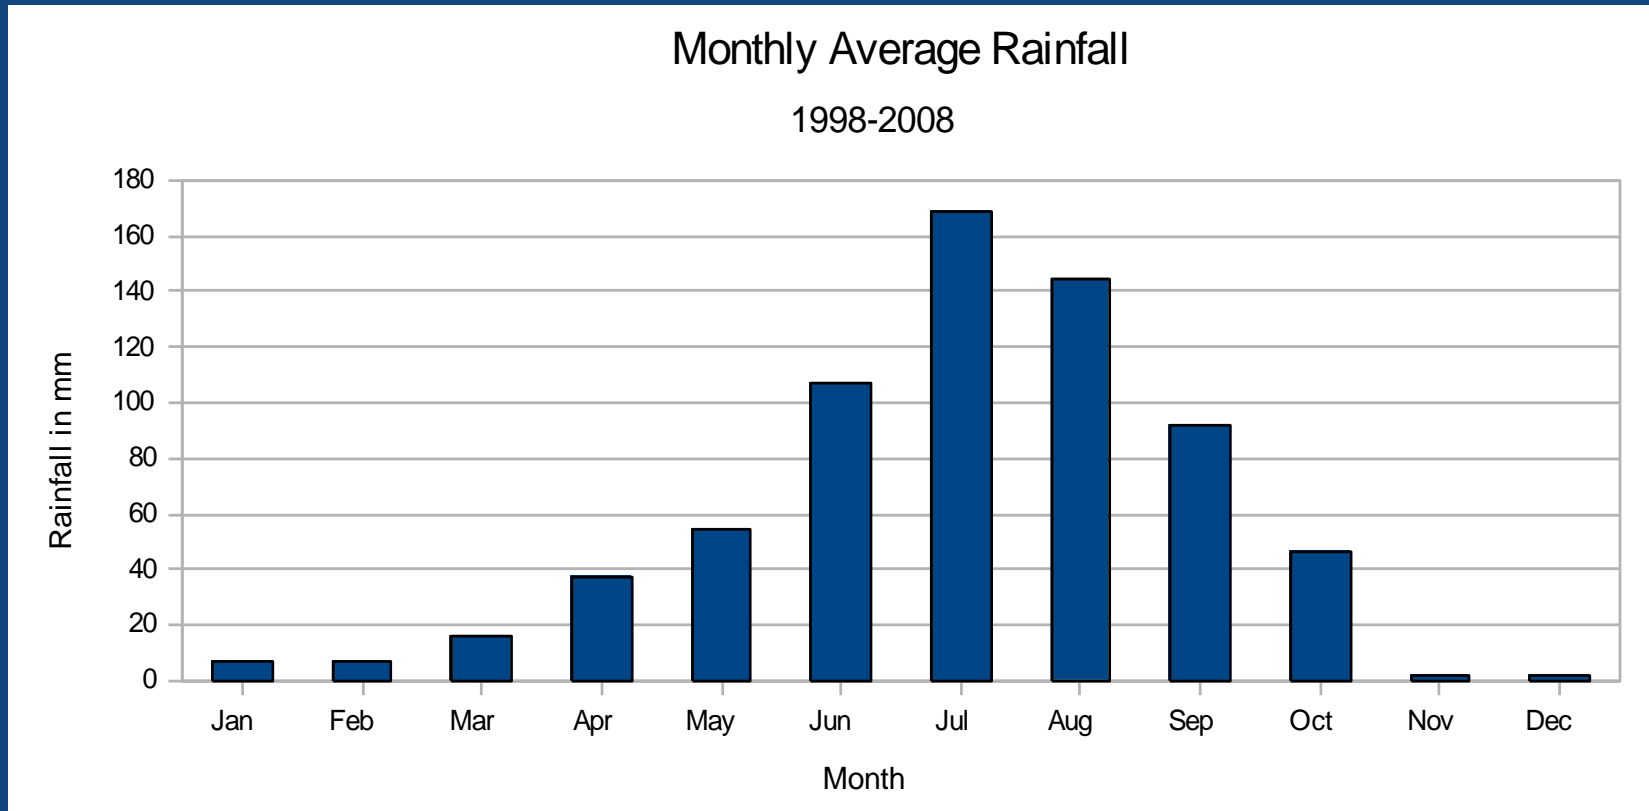

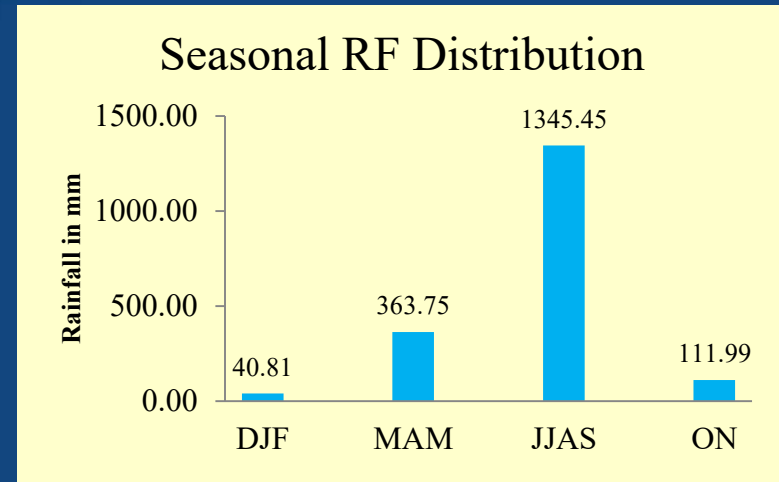

***DHMS Forecast for Bhutan Monsoon 2016:  
rainfall likely to be on the positive side of the  
normal.***

### *Groups:*

- *Agriculture, Food Security, and Water (DHMS, CNR, RTC, NEC, DOA)*
- *Disaster Management and Health (DDM, DPH, DOR, DHMS)*
- *Energy (DGPC, BPC, DRE, DHMS)*
- *Infrastructure (DoAT, DOR, DES, DHMS)*

DJF	MAM	JJAS	ON
2%	20%	72%	6%

**What are activities in your sector, within the season, that are climate sensitive?**

**What is the current condition?**

**What is the forecast?**

**What are the sensitivities and likely impacts and/or potentials?**

**What would be your management strategies?**

# Guidance for Integrating Climate information in Decision-making and Planning

<b>Activities during the season</b>	<b>Observed Conditions during the immediate months</b>	<b>Other Relevant conditions</b>	<b>What is the forecast?</b>	<b>Potential Impacts/ Scenarios</b>	<b>Plan/ Decision/ Management Strategy</b>

# Climate Information/Services Needs and Gaps

<b>Climate sensitive planning and decision making process, activities, and ongoing projects</b>	<b>Climate information products and services needed</b>	<b>DHMS products and services currently utilized</b>	<b>Gaps in climate information utilization and further requirements</b>

# Proposing Projects for Enhanced Climate Information Application

- **Background**

*(Provide a brief description of the climate-related problem that you aim to address in the project and how important climate information and services are to addressing this problem)*

- **Priority/Expected Outcome**

*(State clear and specific outcomes/results you envisage the project will deliver)*

- **Target Area/s and Stakeholders/Beneficiaries**

*(Specify priority areas where the project can be implemented or piloted and the target group of stakeholders/beneficiaries)*

# Proposing Projects for Enhanced Climate Information Application

- **Climate Sensitivity of the chosen issue/area**

*(Explain briefly the climate sensitivities that lead to the problem(s) you aim to address)*

- **Climate Data, Product, Services and other Information Required**

*(Specify the parameters, timescale, format, and other important information necessary to ensure usability of the product/service to be provided by DHMS)*

# Proposing Projects for Enhanced Climate Information Application

- **Climate Data, Information, and/or Services Currently Available or Provided**

*(Specify the product/service currently available, its usability in the proposed project, and comments or recommendations for improvements to make it more usable in the proposed project)*

- **Other similar activities – ongoing or planned**

*(Identify similar activities or projects with relevant components or aspects that should not be duplicated or that should be built upon, continued, or complemented)*

# Proposing Projects for Enhanced Climate Information Application

- **Timeframe**

*(Identify the duration as well as the targeted commencement and completion of the project)*

- ***Other Relevant Details***

*Thank you for your attention*
